

NOTICE TO MARINERS

Issue Date	04 September 2020
Version	01
Activity Type	Floating LiDAR Buoy Removal from Site for Maintenance

Please be advised that Moray Offshore Windfarm (West) Limited (Moray West) has a Floating LiDAR Buoy and mooring system (clump weight and mooring chain) positioned at the Moray West Offshore Wind Farm Site (see Table 1 and Figure 1 below for the location of the Floating LiDAR).

To enable essential maintenance works to be carried out, the Floating LiDAR Buoy, along with its mooring system (clump weight and mooring chain) is being recovered to shore (Buckie Port) from the Moray West Site this Sunday - **06 September 2020**. Once maintenance works are complete the Floating LiDAR Buoy will be towed back to site for planned re-deployment on 11 September 2020. A further NtM will be issued confirming dates for the re-deployment of the Floating LiDAR Buoy at the Moray West Site.
