1. Introduction

This Notice to Mariners is to provide an update on the MW-D09 Aid to Navigation (AtoN). Repair works have been completed, and the light is now flashing at the correct frequency: flashing yellow at 5 second intervals.

The Moray West site is located on the Smith Bank in the Outer Moray Firth, approximately 22.5km from the Caithness coastline. The offshore wind farm site covers an area of approximately 225km². The offshore wind farm site is given in Figure 1.

All operational lighting has been installed and is functional as per the Moray West Lighting and Marking Plan (Figure 2).
