

NOTICE TO MARINERS

Issue Date	17 September 2020
Version	01
Activity Type	Floating LiDAR Buoy Redeployment Following Maintenance

Please be advised that Moray Offshore Windfarm (West) Limited (Moray West) has a Floating LiDAR Buoy and mooring system (clump weight and mooring chain) positioned at the Moray West Offshore Wind Farm Site (see Table 1 and Figure 1 below for the location of the Floating LiDAR).

Having successfully completed essential maintenance works, the Floating LiDAR Buoy, along with its mooring system (clump weight and mooring chain) is being re-deployed at the Moray West Site this **Saturday 19th September 2020**. The re-deployment operations will be completed on one day. The operation will be carried out using the vessel the Isle of Jura departing from Wick Harbour. Details of the Isle of Jura are provide below.
